Dharmaraja College, Kandy (English Medium)

PROJECTS

Taskora — Full-Stack Real-Time Task Management System

Team project of 5 · INTE 21323

- Built backend REST API logic with Node.js and Express; implemented JWT + bcrypt authentication with role-based access control (Admin / PM / Collaborator)
- Containerized the application with Docker and configured CI/CD via GitHub Actions
- Handled deployment across Render (backend), Vercel (frontend), and Supabase (database)

React, Vite, Node.js, Express, Socket.IO, PostgreSQL, Prisma, Docker, GitHub Actions

Cinnamon and Chapters — Online Bookstore Booking Platform

Team project of 6

- Designed the core object-oriented class structure and built the front-end/UI for the booking flow

Object-Oriented Programming, SQL

Strategy-Based CLI Game

- Built a console-based strategy game applying core programming logic, control flow, and data structures

C++

LEADERSHIP & VOLUNTEERING

- Member, Cybersecurity Special Interest Group** — Department of Industrial Management, University of Kelaniya
- Active Member, Rotaract Club** — University of Kelaniya
- Environmental Pioneer Brigade & St. John Ambulance** — Dharmaraja College, Kandy (school years)

ACHIEVEMENTS
